January 1, 2015

Declaration of TSE/BSE

Phillips 66 Specialty Solvents produces the following material:
  Isopentane (B)
  Isopentane (S)
  N-Pentane
  Hexane (S)
  Commercial Heptane
  Ultra Low Aromatic Commercial Heptane

We hereby confirm that the manufacturing process for the aforementioned materials do not involve the use of materials of ruminant animals (bovinae, caprine, ovine), non-ruminant animals (humans, insects, fish, porcine, poultry) and plant origin and involves materials fully of synthetic origin only.

Sincerely,

Russ Ford
Technical Director, Specialty Solvents
Phillips 66 Company
